PadPrint: 0mm(w) x 0mm(h)

ProductDescription:
 • Padded microfibre construction
 • Carabiner hook
 • Tubes & lipcare sold separately

MM10 Mini Budget Mouse Mat

Mini Budget mouse mat has a 3mm rubber sponge base and a durable matte PVC surface. Great for the budget conscious.

Dimension: 145mm x 210mm

MM60 Business Card Mouse Mat

Personalise the mouse mat you give away by placing your business card under the surface of the mat. The biz card mat has a slit in the back or side of the mat allowing you to place your business card under the rigid PVC surface.

A clear window in the front of the mat allows the user to know who their contact is while still promoting the company. Produced on the superior 1mm natural rubber base.

Dimension: 190mm x 230mm

MM20 Budget Rubber Sponge Mouse Mat

The Rubber Sponge mouse mat is produced on a light weight 3mm rubber sponge base material. Offset printed in spot or four colour process.

Dimension: 190mm x 230mm

Many other standard knife shapes available including round, oval and square

MM70 Photo Frame Mouse Mat

Allows a photo to be inserted under the mouse mat surface so the mat can be customised and your memories kept close to hand. Produced on a superior 1mm natural rubber base.

Hard wearing PVC protects the photograph from dirt, wear and beverage stains.

Dimension: 190mm x 230mm

MM30 Mail Out Mouse Mat

This mouse mat can be printed on both sides and due to its light weight and minimal thickness is ideal for mail-outs. The top surface is a hard wearing PVC. The underside uses a differential adhesive and backing paper. The backing paper, when removed, exposes the printed image and the adhesive that stops the mat from sliding on the desk.

Dimension: 190mm x 230mm

Many other standard knife shapes available including round, oval and square

MM80 Flip Top Mouse Mat

The clear rigid PVC flip top mouse mat allows notes, photos and calendars to be placed under the top.

1mm natural rubber base with lightly textured rigid PVC surface

Dimension: 190mm x 230mm

MM40 The Gripper Mouse Mat

Same style mouse mat and thickness of our mail out mouse mat but instead of a low tack adhesive, it has a clear non-slip base. Also a great one for those mail-out campaigns.

Dimension: 190mm x 230mm

Many other standard knife shapes available including round, oval and square

MM50 1mm Natural Rubber Mouse Mat

The sleek 1mm natural rubber mouse mat has excellent grip on the desk and is a pleasure to use. Rubber provides a superior non-skid base, greater durability and perceived value than lighter weight bases. The mouse functions well on the matte PVC surface that provides a hard wearing finish, while protecting your message from dirt, wear and beverage stains.

Dimension: 190mm x 230mm

Many other standard knife shapes available including round, oval and square

MM90 Gel Pad Mouse Mat

Mouse mat with silicon gel wrist support. The soft and comforting gel will minimise RSI. Place the gel pad in the fridge, the coldness will soothe the inflammation of the wrist.

Dimension: 250mm x 210mm
